

Unauthorized and Disruptive Activation of the Funkin Launcher 2 Logo Sound Mechanism

To Whom It May Concern,

This correspondence serves as a **formal warning** regarding your continued engagement in the deliberate and unauthorized activation of the **Funkin Launcher 2** logo's auditory response, commonly referred to as the "squeak."

Please be advised that the Funkin Launcher 2 logo is not, under any circumstance, intended to function as an interactive sound device. The repeated and intentional triggering of this sound constitutes a breach of user conduct expectations, as outlined in our internal branding and behavioral guidelines.

This action has resulted in:

- Degradation of the logo's intended professional presentation,
- Disturbance to development and operational environments, and
- Unnecessary wear and stress on the Funkin Launcher 2 logo squeaking infrastructure.

You are hereby ordered to CEASE AND DESIST all squeak-related activities involving the Funkin Launcher 2 logo, effective immediately upon receipt of this notice.

Failure to comply will result in escalation of the matter to the appropriate oversight bodies, and may include—but is not limited to—revocation of user access, initiation of disciplinary protocols, and potential listing on the *List of Known Squeakers (LKS)*.

This matter is being treated with the utmost seriousness. Your cooperation is expected and required.

Respectfully,

Compliance Division

Funkin Launcher 2 Operations & Enforcement Bureau
